

103. Defining Bases

Name:

CLASS: 5/

Q1: Drag and drop the correct parts of chemical equation:

Blue – hydroxide ions - Red

- When bases mixes with water it gives [] .
- Bases turn [] litmus into [] .

Q2: Select all basic substances:

Q3: Compare acids and bases

POC	Acids	Base
Taste		
Color of litmus		
When dissolved in water		
Examples		

Extension: Why NaOH [sodium hydroxide] is basic in nature?
