

Unit Test – Unit 1 - Reading Test A

Australia to England

My name is Byron Lewis, and I'm from Australia. I was born in Sydney, and I grew up near the sea. I moved to the UK three years ago. I got a new job as a science teacher in a secondary school in London. I came with my wife Linda and my children, Jamie and Anna. Jamie is twelve and he's a student at my school now, but Anna is only five so she goes to a different school.

We live in a flat in the south of the city at 24 Park Street, just near where my dad was born. My mother isn't English. She comes from Athens in Greece. My dad met her in Sydney when he moved there from London. He came to Australia because he was an engineer and he got a job in Sydney. They got married and they stayed in Sydney.

I really liked England when I first arrived. We arrived in August and the weather was great. It was warm and sunny and the people were very friendly. We moved into a nice flat and we quickly made friends.

London is a very exciting city and there's a lot to do. I love it but I still miss Sydney and the Australian beaches. And of course I miss my friends and family. Last summer, we went back to Sydney for a holiday. We spent four weeks there and we stayed with my mum and dad. We saw all our friends and the children had a fantastic time.
