

قومي بالسحب والإفلات لتصنيف التالي مع اختيارك للتعريف المناسب من القائمة

The worksheet is designed for classifying programming concepts into three categories: دوال (Functions), أوامر (Commands), and أدوات (Tools). The concepts are listed on the left and right sides, and the classification is done by dragging them into the corresponding columns.

Left Column (Concepts):

- MsgBox
- Play
- Button
- IF=THEN-ELSE
- Now
- Label

Right Column (Concepts):

- Cint(x)
- TextBox
- Time
- For..Next
- Var1=10
- List

Classification Columns:

- دوال (Functions):** Contains 5 colored boxes (red, orange, green, blue, yellow) for classification.
- أوامر (Commands):** Contains 5 colored boxes (red, orange, green, blue, yellow) for classification.
- أدوات (Tools):** Contains 5 colored boxes (red, orange, green, blue, yellow) for classification.
