

# THEATRES IN LATE VICTORIAN AGE

New theatres were built  
in London and in other  
cities during the .....

Various improvements  
made the theatres more  
.....

New methods of lighting  
the stage were capable  
of producing more  
..... effects.

The developments in stage  
techniques meant that  
theatre productions were far  
more .....

When ..... was  
introduced in theatres, it  
greatly affected how  
performances were staged.

Going to the theatre  
became as .....  
as the play people were  
going to see.

The types of theatrical performances which flourished in the  
Victorian era were
