

Fall in love, broken heart
Break the rules, drink too much
We're all a mess, but I guess
This is what it feels like to be young (to be young)

Dye my hair a million colours
Dream I'll make a billion dollars
I swear that day can't come soon enough
In the meantime, we just

They tell me I should make a plan for life
All I'm thinkin' 'bout is what to do tonight
100 miles an hour, no headlights
On an open road, oh
We do what we can to dull the pain
Pinky promise things will stay the same
Even when I'm old, I'll know your name
Anywhere we go, oh

Fall in love (fall in love)
Broken heart (broken heart)
Break the rules (break the rules)
Drink too much (drink too much)
We're all a mess (all a mess)
But I guess
This is what it feels like to be young (to be young)

Take a punch (take a punch)
Get back up (get back up)
Act a fool (act a fool)
Give a fuck (give a fuck)
We're all a mess (all a mess)
But I guess
This is what it feels like to be young

And I'll dye my hair a million colours
Dream I'll make a billion dollars
I swear that day can't come soon enough
In the meantime, we just...

Take a punch (take a punch)
Get back up (get back up)
Act a fool (act a fool)
Give a fuck (give a fuck)
We're all a mess (all a mess)
But I guess
This is what it feels like to be young

This can't be real life, don't even feel high
Maybe if you take one with me then it'll feel right
Don't wanna know what standing still would even feel like

Small town and we're drinkin' all the liquor
Every night tryna feel something bigger
Hotbox in the car in the winter
We don't wanna go home

Wanted to fit in when I didn't, now I know
And I just want freedom, can't be lonely
Heartless, hopeful, stupid, phony
Say they love me but won't show me
Is this how it feels like to be young?

Take a punch (take a punch)
Get back up (get back up)
Act a fool (act a fool)
Give a fuck (give a fuck)
We're all a mess (all a mess)
But I guess
This is what it feels like to be young

Yeah-oh-oh-oh
Yeah-oh-oh-oh
This is what it feels like to be young, young

This is what it feels like to be young

Fall in love, broken heart
Break the rules, drink too much
We're all a mess, but I guess
This is what it feels like to be young
