

## Unit 3

### Expressions - Collocations

biomass	=	
organic food/	/milk =	
waste =		
decay =	= decompose	
derive =		
be derived	sth =	
exploit	the full =	
	and gas reserves =	
reserve	sth =	
feasible =	= viable	
viable	/proposition/option =	
economically/	/financially viable =	
inflict sth on/	sb =	
in/	the spotlight =	
protect =	= preserve	
environmental	=	
	= carbon footprint	
controversial =	= contentious	
contentious	/area/ =	
a threat	=	
natural/	resources =	
byproduct	=	
contribute	=	
	habitat =	
trash, garbage =	= refuse	
household/	refuse =	

garbage =  
the flow water =  
trickle water/ =
