If We Ever Broke Up by Mae Stephens

If you keep _____ if somebody understands
Darling, I don't understand you
If you _____ at night, waiting for somebody right
Baby, oh, your karma is due

Like, I _____ hate you, but only if you want to
So much time, like who knew? (Like who knew?)
Music we got into, songs we _____ to
Boy, this feels so wrong too (ah-ah-ah)

If we ever _____, I'd never be sad
Thinking about everything that we had, if we ever broke up
If we ever broke up, _____ your dad
And tell him all the shittiest of things you said, if we ever broke up

Boy, don't get emotional 'cause it's not personal
It's _____, just the way it goes
If we ever broke up, I'd never be sad
Thinking about everything that we had, if we ever broke up

You're living in _____ if you think I'll understand
All the shit you put me through
If girls in white dresses and big Winter weddings
Is something you want to be true

Then pack up your drama, this _____
Is something this shit can't undo
Like, I would never hate you, but only if you want to
So much time like, _____? Whoa-oh-oh

If we ever broke up, I'd never be sad
Thinking about everything that we had, if _____ broke up
If we ever broke up, I'd call your dad
And tell him all the shittiest of things _____, if we ever broke up

Boy, don't _____ 'cause it's not personal
It's just the way, just the way _____
If we ever broke up, I'd never be sad
_____ everything that we had, if we ever broke up (ha-ha-ha)

fell in love
stay awake
would never
I'd call
Wonderland
who knew
broke up
get emotional
wondering
you've said
just the way
Thinking about
we ever
it goes
selfish
dilemma
