Subject: Defective Hose

Dear Ms. Jenkins,

Recently, I purchased 5,000 yards of XP 100 industrial hosing from your company, Star Products. The hosing was listed as capable of handling up to 1,000 pounds of pressure per square inch (psi). My company, Advanced Dynamic Cleaning, refitted all of our pressure washers with your hosing at considerable cost and time. Every single one of our pressure washers failed somewhere along the hosing from the joint of the gun to the compressor. Our compressors only create 500 psi, so I have to conclude that there is some defect in the design of your hose. I would like to get a refund of my purchase or a replacement of my order with hosing that meets industry standards. I have included my purchase order and a copy of the invoice.

Sincerely,

Jose Ramos

Subject: Defective Hose

Dear Mr. Ramos,

We have received your report of a defective hose and reviewed the attached documents. We really value your business and hate that you went through such a waste of time and energy with our hosing. However, I am afraid to say that the mistake may be on your end. In looking over your purchase, you clearly ordered XP100 hosing x 5,000 yards. If you look at the specs for that hosing, it is only rated at appropriate for 100 psi. This could explain why all of your hosing failed. What I can offer you is an exchange of the remaining XP100 hosing in your inventory for a hosing more appropriate to your needs. We will do this at no charge and pay for the shipping as a show of our appreciation for your business. Please fill

out the purchase order that I have attached and include it with the XP100 hosing when you ship it back to us for exchange.

Thank you,

Raquel Jenkins

Dear Mr. Easterbrooke,

Retail Weekly is currently taking bookings for our Summer Expo, running from August 10 to 14. We are expecting a 30% increase in international visitors this year. — [1] — In fact, there is a trade delegation from China arriving on the second day, and I think you might be particularly interested in arranging a meeting with Mr. Chung, who acts as a liaison to the North American market.

If you could let me know your plans by the end of April, I would be grateful. The rates for booths have increased slightly this year, but all other benefits and services remain unchanged. The fee for the booth is \$5,600 for the full week. — [3] —

As always, the event will be held at the Sobell Conference Center in Springfield. I would also like to inform you that the Sunshine Hotel is offering confirmed participants a 20% discount. Simply give your exhibition confirmation number when you make the booking. — [4] —

We also conduct demonstrations on fruit drying and canning and teach lessons on how to make apple and peach pies. Hi Emma,

Unfortunately, I've encountered a bit of a problem with my trip to Manila. My first flight arrived on time but it appears that my connecting flight will be delayed for 4 hours due to a tropical storm moving rapidly northwest from Cebu.

I'm obviously concerned, as this means I will probably not make it to the awards ceremony on time to give the opening address to our company staff. I have no other option but to ask you to take my place. I'm sorry to put such a burden on you on short notice. I have e-mailed my notes to you, but feel free to change them as you see fit.

I hope to see you soon.

Regards,

Jacob
