How to make a cheese and pepper omelette

Do you like omelette? It's healthy, and it's very easy to make!

There are ¹**a lot of / a little** eggs in an omelette, so think first – how ²**much / many** people are you cooking for?

I usually use two eggs for each person, but for a big omelette I put in ³**a few / much** more eggs. For this omelette you also need ⁴**many / a little** cheese, ⁵**a few / a little** peppers and ⁶**a bit of / a few** milk.

Cook the peppers for ⁷**a few / too many** minutes, then put in the eggs, the cheese and the milk, and add some salt. How ⁸**much / many** salt do I put in? I use ⁹**a little / a lot**, because too ¹⁰**few / much** salt isn't good for you!
