

I'm the invisible man

Incredible how you	And I'm in your	Now I'm on your track
See through me	And I'm in your	And I'm in your mind
When you hear a	And I'm in your	And I'm on your
That you just can't place	Like the CIA or the FBI	Don't you behind
Feel somethin'	You'll never get	I'm your meanest thought
That you just can't trace	Never take me alive	I'm your darkest fear
When something	Never had a real friend	But I'll get caught
On the end of your	Not a boy or a girl	Can't shake me, shake me, dear
Don't turn around	No one what I've been through	
When you hear me tread	Let my flag unfurl	
Now I'm in your	So Imy mark from the edge of the world
