Come to the Bates Museum!

We will help you make the most of your experience by giving you a guided tour of our fascinating exhibits. These displays change every few months, so check our schedule below before you reserve a spot.

Who Were the Vikings? (January–March)
Despite popular legend, the majority of people who lived across Scandinavia during the Viking Age were actually not warriors at all. So, what were they?

The History of the Railways (April–May)
We often think of the railway as part of the Industrial Revolution, but the history of rail transport actually dates back as far as the ancient Greeks!

Exploring the Ocean (June only)
Intended for the brave and curious, this tour takes participants into the depths of the ocean. Separated only by some glass walls, you will see live deep-sea animals up close and personal.

From the King's Castle (July–September)
This tour contains many of the works of art formerly collected and displayed by King Louis XIV in the French Palace of Versailles during the 17th century.

Ancient Ancestors (October–December)
This tour takes you into the world of the First Nations, who were the first figures to live in North America.

Dear Patron,

Thank you for your booking. Please note the following about your upcoming tour:

1) Guests should arrive 10 minutes prior to the scheduled tour time.
2) The museum can accommodate groups between 6 and 15 people. We will split all groups with more than 15 people into two in order to pass through the exhibits easily. Likewise, groups with fewer than 6 participants will be grouped together with another party, so we use our tour guides as efficiently as possible.
3) No outside food or drink is allowed in the museum.
4) Children under the age of 10 must be accompanied by an adult at all times.

We appreciate your interest in the Bates Museum!

City Sidewalk Gets an Upgrade

By Judith Motley

Yesterday, Clarkton city officials announced that they will be repaving some of the city's oldest and most uneven sidewalks this summer. Several pedestrians have complained about the cracked sidewalks for a while and the city finally has some funds to address the issue.

The first street to be repaired will be Kincaid Avenue. Construction begins on August 20 and is expected to last for two weeks. After the completion of the first sidewalk, work will likely begin on Palin Drive, and later continue on Denton Parkway and Cardin Street as well. Updates will be released periodically as they become available.

To: Abby Walker <abby@houstonelectronics.com>
From: Edwin Houston <edwin@houstonelectronics.com>
Date: July 25
Subject: Construction concerns

Hi Abby,

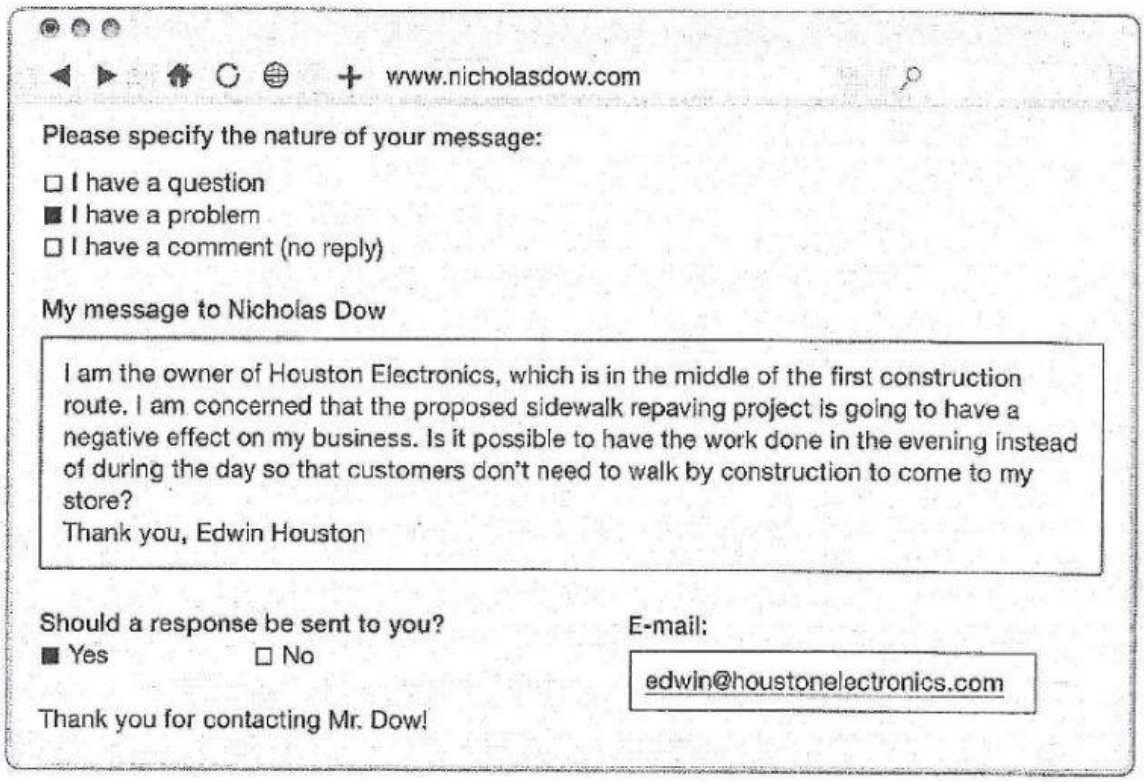

Have you heard about the sidewalk repaving project that the city is going to do next month? I just read an article about it. I think it could create a problem for our business since it will be happening right in front of our store.

Businesses are encouraged to remain open, but I'm worried that customers won't want to walk through a construction zone to come here. I've already submitted a contact request to our city councilor and suggested another time that they can do the work. While I wait for his response, could you contact our marketing team and suggest making some large promotional signs that we can put out front? I want customers to know that we are still open during the construction and that they can still come inside.

Thank you,

Edwin

My message to Nicholas Dow

I am the owner of Houston Electronics, which is in the middle of the first construction route. I am concerned that the proposed sidewalk repaving project is going to have a negative effect on my business. Is it possible to have the work done in the evening instead of during the day so that customers don't need to walk by construction to come to my store?
Thank you, Edwin Houston

Should a response be sent to you?

Dear Ms. Potter,

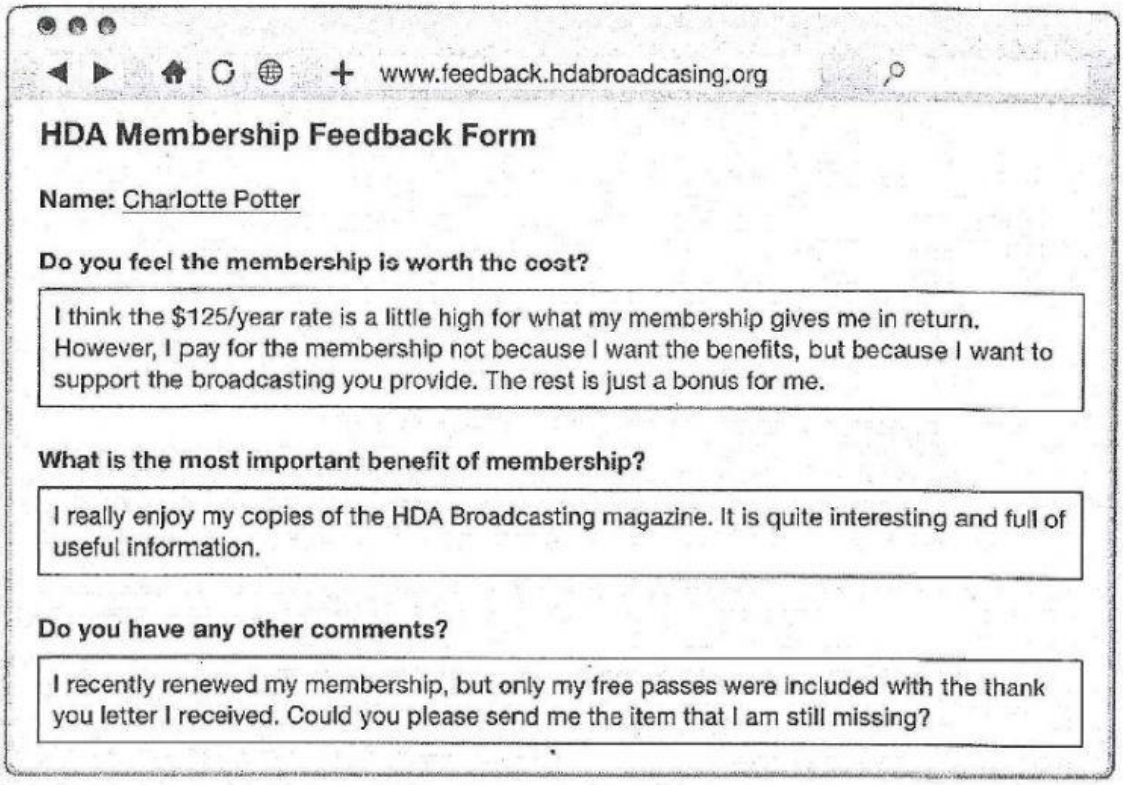

We are very grateful that you decided to renew your HDA membership. As a non-profit network, we rely on private funding to provide high-quality programming to our listeners. It is because of supporters like yourself that we are able to continue doing so. Enclosed with this letter you will find your new membership card and your guest passes.

Additionally, we have created an easier way for members to provide feedback. On our Web site at www.feedback.hdabroadcasing.org are several short comment forms for each of our programs. We have also recently created a feedback form to evaluate our membership program. We would greatly appreciate it if you would take five minutes to fill it out.

Best Wishes,

Bryce Garcia, HDA Member Services
