

Division means to share, to divide, to split into equal groups

Drag and drop the objects to share equally

$10 \div 2 = \boxed{}$

$6 \div 3 = \boxed{}$

$16 \div 4 = \boxed{}$

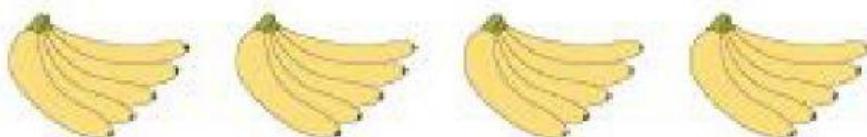

$12 \div 3 = \boxed{}$

Division Models

Complete the division equation that describes each model.

1)

$$\square \div 5 = 4$$

2)

$$9 \div 3 = \square$$

3)

$$42 \div \square = 7$$

4)

$$8 \div 4 = \square$$

5)

$$10 \div \square = 5$$
