

1 Read about green iguanas from Mexico.

Green iguanas are lizards and they live in Mexico. They aren't very friendly but they're smart, and they're strong, too. They can climb trees and they can swim. They have short legs, a big head, and a very long tongue.

Iguanas can be two meters long! How tall are you? They like eating leaves, flowers, and fruit for breakfast, lunch, and dinner! Do you like iguanas? Do you think they're interesting?
