PART 4 Questions 16-20

Five sentences have been removed from the text below. For each question, choose the correct answer.
There are three extra sentences which you do not need to use.

Achieving your dreams**A psychologist reaching out to teens around the world**

16 ☐ To you, I say, you are more able and amazing than you know. Follow your dream no matter how ambitious it may appear to others. It is the dreamers who bring positive change to the world. So if somebody doesn't support or understand your dream, just smile and think to yourself, "Don't believe me? Just watch!"

Some people insist that the 'rules of success' are very black and white. **17** ☐ Following 'the rules' may not be the best way to get you where you want to go. Your dream can be a very simple one, or a very complicated one. The truth is the world needs your dream to develop, so take a look at what I think are the truly important things to consider when following your dream.

You can try to be perfect, but one person's idea of what is perfect is always different from another's. In fact, I believe it is our weaknesses that make us special. You can be the most brilliant, talented person in the world, but if you lack the enthusiasm, passion and excitement for what you do, then it doesn't matter how good you are. You may not be the best at what you do, but if you have great enthusiasm, you will reach your goal. **18** ☐ Enthusiasm creates dreams; talent does not.

When you have a big dream for your life, people like to tell you that you aren't being realistic. **19** ☐ I think that when it comes to having a dream, being realistic and sensible aren't helpful. These are simply limitations that we have placed upon ourselves. When we experience a challenge, it is not a problem; it is part of the journey itself. Otherwise, it would not be there. Every step you take is one step closer to your dream becoming a reality. The important ingredient for realising your dream is hope. **20** ☐ It can change the world.

- A. On the other hand, others who are more talented may not.
- B. You should never try to do anything that is difficult.
- C. Hope is belief - belief in yourself and belief in the power of possibility.
- D. Many of you may be afraid to do what you really love.
- E. I believe that you should always obey the rules.
- F. Well, I say that you do not need to know the details of how your dream will happen.
- G. It's very important that you listen to this advice.
- H. I disagree; I believe there is a HUGE grey area.
