I'm a personal trainer. I eat well and I do a lot of exercise. I spend about five hours a day working with clients. In general, I think my work/life balance is good. I take time off every few months just to relax, and I rarely get stressed. Once in a while I go out partying. For me, a balanced lifestyle is really important. When I was younger, I worried if I missed a day of exercise. These days I don't worry about it.

My only problem is the one-hour commute. I hate taking the train every day and it's expensive. I'm planning to move house so I can live near the gym where I work and walk to work every morning.
