The global debate

1. **Guess the crossens. What do all these pictures have in common? Describe them orally.**

2. **Listen to the song. Don't look at the screen. Can you predict what is the song about? Answer orally.**

3. **Listen to the song one more time. Fill in the gaps with the right words:**

My name is Mr. Safety and I have too many_____
I started out with two but now forty's where I'm at.
Some people think I'm _____, others think that I'm insane
But I guess I really am with all these kitties on my _____.
But don't judge me because this wasn't meant to be.
I bought this _____ because I just wanted to see
What would happen if I made a little change
Then the moment that I turned it on, I noticed something strange.
There were blue lights _____,
Then an orange light glowing,
Then without even _____
It was multiplying kitties and I couldn't turn it off!

4. Look at the pictures, describe the orally:

5. Read the text (p.182, ex. 3a), put the pictures into the right order:

1	
2	
3	
4	
5	
6	

6. Tick the right sentences, correct the wrong sentences orally:

1. Cloning is making a genetic copy.

2. The first cloned mammal was Dolly the sheep.

3. Dolly died at the age of 5.

4. The cows were cloned in 1998.

5. Cat rainbow was black and white.

6. Russian scientists have cloned monkeys.

7. Watch the video about cloning, name advantages and disadvantages of cloning. Compete.
