INSTRUCTION

1. Read the text carefully!
2. Name the part of the text on the box provided!
3. Answer the questions that follow!

TEXT

From : Akash Rao
To : The Principal
Holy Family School
Date : March 20, 2011
Sub : Plastic Awareness Campaign

You recently asked me to submit a short report on 'The Plastic Awareness Campaign' that I have been conducting in the neighbourhood. You asked that I submit a report within three weeks of the start of the campaign.

'The Plastic Awareness Campaign' has been held in 10 schools till now, Workshops, interactive sessions as well as pamphlets are an integral part of the campaign.

Students have demonstrated a keen interest in our campaign. More than a hundred students have come forth to join the campaign and encourage people to use plastic wisely. Students enrol in workshops conducted by Mr. Das and other students of Holy Family School. They are asked to explore alternatives other than plastic. They are also instructed in proper disposal of plastic and are made aware of the dangers of plastic to both the environment and man.

The response 'The Plastic Awareness Campaign' has been positive. Students show a lot of interest in pursuing this campaign, even outside of school grounds.

I would like to recommend that the Campaign continue for another two months. This will make it possible to educate several schools in the city. It would also be helpful if students are taught how to make simple paper bags using old newspapers, magazines and books.

We can make 'The Plastic Awareness Campaign' a running success in the city. Another more detailed report will duly be presented to you, in the event that the plastic campaign is extended.

(sd)

Akash Rao
Campaign Leader

COMPREHENSION QUESTIONS

- Who wrote the report above?
- What is the report about?
- How many schools are involved in this event?
- What is the writer recommendation?
- How long did the writer complete the report?
