# FRIENDS

A good friend is someone who is kind and caring towards you. They may like and enjoy doing the same things we do. Good friends are supportive of your dreams and always want the best for you. They make you laugh and smile and are always willing to offer you a shoulder to crying on.

You enjoy being around good friends and do not feel like they are competition. Good friends are like family.

**Instruction:** Write **GF** for good friend or **NF** for not a friend.
