Dear Tina,
 Hello from Poland! I'm visiting some friends here. Today we are north of Warsaw for the celebration of the Battle of Grunwald. This battle re-enactment, between the Polish-Lithuanian army and the Teutonic Knights, is a very big event here. There are lots of people here to see the great battle, with over 2,000 re-enactors. Some are knights on horseback, some are archers who fight with a bow and arrow and there are also foot soldiers who are fighting with swords and shields. It's amazing. See you when I get back.
