LAST HOLIDAY EXPERIENCE

Last year, my family and I (1)_____(go) for a trip to Erawan National Park in Thailand. The gorgeous place (2)_____(have) so many of natural places. The park was surrounded by mountain which (3)_____(make) it serene. We went to Erawan Falls. The water around it was emerald green. I (4)_____(love) the beautiful scenery there. Then, we (5)_____(see) stalactites and stalagmites in the Phra That Cave which was habitated by numerous bats. Then, we (6)_____(walk) deep into the forest and we (7)_____(find) several unique wild animals such as wild boars, Asian elephants, sambar deers, gibbons, and Indochinese serows. We also (8)_____(visit) Bridge Over the River Kwai and (9)_____(encounter) some beautiful birds too, such as crested serpent eagles, lesser shortwings, and many more. I (10)_____(enjoy) the trip so much.
