Present Simple – Interrogative

Hello! Good morning!

Ésta será una tarea de repaso de lo que hemos visto en clase. Hoy, repasaremos el presente simple interrogativo en inglés. *Let's go!!!*

Hagamos memoria:

Para saber preguntar, primero debemos recordar cómo hacer *oraciones afirmativas*:

I	love chocolate.
	live in a house.
You	work in two schools.
We	study at Constancio Vigil school.
They	want a burger.
	have a brother and a sister.

For example:

I work in two schools.

You study at Constancio Vigil school.

Entonces, ya habiendo recordado esta regla, sabemos que para hacer preguntas sólo debemos agregar dos cosas: 1). El auxiliar *Do* al inicio y; 2). El signo de pregunta al final. **RECORDÁ** que solamente en *español* abrimos y cerramos las preguntas con un signo. En el resto de los idiomas, incluido el inglés, sólo se cierra. Entonces, quedará así:

Do		love chocolate.	?
	I	live in a house.	
	You	work in two schools.	
	We	study at Constancio Vigil school.	
	They	want a burger.	
		have a brother and a sister.	

For example:

Do you study at Constancio Vigil school ?

Do they have a brother and a sister ?

Ya sabiendo cómo afirmar cosas sobre nosotros (Presente simple afirmativo) y a cómo indagar sobre cosas de otros (Presente simple interrogativo), ya podemos empezar a practicar.
