to stay | to cross | to leave | to find | to meet | to swim

The Great Wildebeest Migration

Open to Learn
I don't **want to go**!
We **need to go** higher!

The wildebeest, also called the gnu, is an antelope that lives in Africa. In the dry season, the wildebeest decide (1) _____ the grasslands where they normally live. This happens because they need (2) _____ food. They travel in large groups. They don't want (3) _____ lions when they are alone. When they arrive at the Mara River, they don't want (4) _____ it. They are afraid. The river is dangerous and there are a lot of crocodiles. But when one wildebeest decides (5) _____ across, they all follow. When it starts raining, the wildebeest decide (6) _____ where they are until the next migration.

- **Answer the questions.**

1. Why do the wildebeest migrate?

_____

2. What do the wildebeest decide to do when it starts raining?

_____
