## Set 25 - People (Various)

No	word/phrase	meaning
1	<b>Victims</b>	The frightened boy stopped running and turned back to us. His whole body trembled. His little black eyes pleaded with us.
2	<b>Victim running away</b>	I turned the corner, breathing hard, the backpack bouncing on my shoulders. Glancing back, I saw the bully on the other side of the street.
3	<b>Big-built girl</b>	She's big and strong. She's at least half a foot taller than me, and she's got much bigger shoulders. She's always pushing kids around and acting tough. No one likes her.
4	<b>Happy person</b>	The doctor was a cheerful, chubby man. He had a round face, a shiny, bald head, and he wore a bow tie under his green lab coat. The bow tie bobbed up and down on his Adam's apple when he talked
5	<b>Sad person</b>	He looked about my age. He had wavy black hair around a thin, serious face. He gazed at me with round dark eyes. Sad eyes. He wore black denim jeans and a loose-fitting plaid flannel shirt
