

2ND GRADE - MATHS

MONEY

INTERACTIVE WORKSHEET 04

I. Match the following by drawing lines.

Item bought and amount paid	Amount returned
	₹ 2
	₹ 3
	₹ 15

2. Amit wants to buy one dozen marbles. They cost 42. He has 35 with him. How much more does he need to buy the marbles?

Cost of the marbles = ₹ .

Amount Amit has = ₹ .

The difference in amount needed to buy the marbles

= ₹ - ₹ = ₹
