

2ND GRADE - MATHS

MONEY

INTERACTIVE WORKSHEET 04

I. Match the following by drawing lines.

Item bought and amount paid	Amount returned
 	₹ 2
 	₹ 3
 	₹ 15

2. Amit wants to buy one dozen marbles. They cost 42. He has 35 with him. How much more does he need to buy the marbles?

Cost of the marbles = ₹

Amount Amit has = ₹

The difference in amount needed to buy the marbles

$$= ₹ \boxed{} - ₹ \boxed{} = ₹ \boxed{}$$
