Bossaball

What do you call a sport that is a bit of volleyball, football, gymnastics, martial arts and bossa nova music all rolled into one? Bossaball! This new sport is even better, because the playing field is an inflatable court, like a trampoline so you bounce as you play. How about trying some new moves? Just put on a pair of shorts, a T-shirt and trainers, and have some fun. You can bounce as high as you like and get the ball to go over the net with any part of your body. You can play with your hands, as in volleyball or, if you prefer, you can kick the ball, like in football. Players enjoy being creative while they play, and competitive too. There's a Bossaball European Championship and even a Bossaball World Cup!
