

If you want to see something that happens at night,  
Come to the museum and follow the light.  
Look! Bows and arrows are flying around  
All shields and swords are on the ground.  
The statue is wearing a bracelet, a crown  
If you've got the torch you must shut it down.  
The darkness isn't scary! Look at the knight:  
He looks so great in the moonlight.  
He's got a helmet he must put it on  
To save his queen he must be strong.  
If you like the belt or the beautiful necklace,  
Remember the rule: you mustn't take this.  
If you want to see something that happens at night,  
Come to the museum and follow the light.
