Adding Fractions (same denominators)

Find the sum. Simplify your answer if needed. Write your answers on the space provided.

1. $\dfrac{5}{100} + \dfrac{9}{100} = \dfrac{}{50}$

2. $\dfrac{2}{15} + \dfrac{3}{15} = \underline{}$

3. $\dfrac{11}{13} + \dfrac{12}{13} = \underline{}$
