## **READING (COMPRENSIÓN DE LECTURA)**

**I. Read the stories below and answer the questions.**

**STORY A**

Eating fruits and vegetables is a good way to stay healthy. Fruits and vegetables have many vitamins and nutrients that your body needs to stay strong. The Canada Food Guide suggests that grown-ups should eat at least 5 portions of fruits or vegetables every day. You can have fruits and vegetables during your meals or as a snack. Eating fruits and vegetables helps make your immune system stronger so you don't get sick. Give eating more fruits and vegetables a try today!

**Questions:**

- 1. According to the text, where can you include fruits and vegetables in your diet?**
  - a. In meals and snacks
  - b. In vegetables and fruits
  - c. In vitamins and nutrients
  
- 2. If you have a strong immune system you don't get sick**
  - a. True
  - b. False
  
- 3. Do you think it's a good idea to eat fruits and vegetables regularly? Why or why not?**
  - a. Yes, because they have vitamins and nutrients that make our bodies strong and help us stay healthy.
  - b. No, because they don't have vitamins and nutrients and make our bodies sick.
  - c. Yes, because they don't have vitamins and nutrients and make our bodies sick.
  - d. No, because they have vitamins and nutrients that make our bodies strong and help us stay healthy.

**STORY B:**

Washing your hands is an important way to stay healthy during flu season. The flu is often spread by touching places where sick people have been. To do a good job of cleaning your hands, use an antibacterial soap and wash for at least 20 seconds. Washing your hands is one of the best ways to protect yourself from getting the flu. If you don't want to get the flu, make sure to wash your hands often!

**Questions :**

- 1. What kind of soap should you use?**
  - a. Antibacterial
  - b. 20 second
  - c. Limon and ginger
