My name is Mai. I adore listening to music in my free time. I study all day, so after 7 p.m is the only time that I can use for myself. I have a smartphone, so I can download a lot of songs from the Internet for free, and I usually listen to them with my headphones. If no one is at home, I will turn on the loudspeakers to have the best experience with music, but most of the time I listen to music with headphones.

Besides music, I enjoy watching films. I often watch my favourite films on TV. Sometimes, I turn on my computer and watch some of the latest films on the websites. My parents want me to read books in my free time, but I think I should do what I actually love to make myself comfortable.
