

Regroup the number at the top of the regrouping wall into the number of parts in each row. Check that each row is still equal value to 547628

$$1) 500,000 + 40,000 + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + 8$$

$$2) \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + 620 + \underline{\hspace{2cm}}$$

$$3) \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + 28$$

$$4) \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

$$5) \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$
