Hi Cesc,

Thanks for your email. The experiment sounds great!

We've got a new teacher for Chemistry. Our last teacher leaves after a huge explosion in his laboratory. Our new teacher is called Miss Calvo. We have our first lesson with her last week. It is really interesting. She tells us her ideas. She said, 'Chemistry is the science of change.' Then she give us some instructions for next week. Our homework is to read through them and think about them. We're going to do our first experiment in the next lesson!

By the way, I liked the photo you send me. You look really good in the goggles and apron!

I think I'd like to be a scientist too!

MY HOLIDAY BLOG

Hi, internet friends!! I know you all want to know about my holiday.

¹ Where did I go? I went to the most exciting place on the planet:

New York! ² _____ did I get there? I took a boat. I travelled for

a week! ³ _____ did I do? Well, let me tell you. I did everything.

I went to see the Yankees play baseball, I climbed to the top of the Empire State Building, and I saw the Statue of Liberty.

⁴ _____ I have a great time? Of course!

So you all want to know the answer to this question: ⁵ _____ did

I go to New York? Well, I've got some news. We're going to move

there next year. My mum's got a new job at Columbia University and we went to find a house. ⁶ _____ we find one? Yes! I can't wait to

live there.
