Push-Up is a very popular music band nowadays. You can hear their last single almost on every music channel. Alger, Darla, Wes and Gina are the members. They have very different characteristics but they get on well with each other.

Alger is the bass guitarist who is 23. He's a highly optimistic person. He keeps himself away from negative people. He doesn't get mad easily. He's an easy-going and down-to-earth kind of man, but sometimes he can be jealous, especially when he hears better sounds than the ones they perform.

Darla, the youngest in the band, is the drummer. She's extremely talented. You get amazed when you watch her live on the stage. She wears a strange hat during the performances. She looks ridiculous in it. She is so cute. She says that she loves making people laugh. However, she can be stubborn at times.

Wes is a 27-year-old keyboardist. He is the most helpful and generous one in the group. He works for various charities voluntarily. You can also see him on the stage individually playing his keyboard and singing. He gets angry when any social media serves this on the Net. He is such a modest man.

Gina is 20 years old. She is the soloist who has a crystal clear voice. She is more outgoing and patient than anybody else in the band.
