E **Complete the letter by writing a detail and an example for each main idea.**

Dear Sir/Madam,

I would like to apply for the position of Junior Ranger with Teen Wildlife Protectors. I feel I would be a good ranger because I love animals. I am also knowledgeable about biology, and I believe wildlife is important for our planet.

First, I have a really strong love of animals.

(Detail) _____

_____

(Example) _____

_____

Second, I would like to point out that I know a lot about biology.

(Detail) _____

_____

(Example) _____

_____

Last but not least, I honestly believe that wildlife is important for our planet.

(Detail) _____

_____

(Example) _____

_____

In conclusion, my love of animals, knowledge of biology and belief in the importance of wildlife make me an excellent choice for Teen Wildlife Protectors. I look forward to your response.

Yours sincerely,

Lisa Burgess

TIP Write details that explain the main idea more clearly and examples which show an experience or fact.

F 30 **Read the report a boy wrote about wildlife. Take notes on his opinions.**

Governments Should Protect Wildlife

I believe that it is the responsibility of governments to protect wildlife. They have a lot of money which they can use to do this. They can hire many people and buy a lot of equipment. For example, they can employ rangers and scientists who know how to protect animals. Moreover, they can buy all the things these people need to do their jobs well, like vehicles, equipment and computers.
