

¿CUÁNTO ES EL DOBLE?

A pirate-themed worksheet for multiplication practice. At the top, a pirate character with a skull on his forehead and a red bandana is shown. To his right are two pirate boots. The worksheet features a grid with two columns. The first column contains the numbers 1, 12, 22, 42, 33, 25, 36, and 19. The second column is empty for the student to write the double of each number. The grid is decorated with skull icons and a pirate flag. A seagull is at the bottom left.
