ABOUT MAX

Hello! My name is Max, and I'm ten years old. I want to tell you a bit about myself and my life.

I have a wonderful family. My dad is a teacher and he helps students learn many interesting things. My mum works at a hospital as a nurse. She takes care of people when they are not feeling well. I also have a little sister named Emily. She's only five years old and loves playing with her toys.

In my free time, I have a lot of hobbies. I really enjoy playing football with my friends. We have so much fun running around the field and trying to score goals. I also like drawing pictures of animals and cars. It's exciting to create something new! I don't like doing homework. It's not as fun as playing outside or drawing.

When it comes to food, my favorite is pizza. I love how cheesy and tasty it is. But I'm not a big fan of vegetables. Broccoli and spinach make me sick.

Animals are also a big part of my life. I have a cute dog named Buddy. He's a golden retriever and loves going for walks in the park. My dream is to have a pet parrot one day. I think they are very clever.
