

What do you do for fun?

Read the results of the survey. Then answer the questions

Reading

Group 1

Teenagers always hang out with friends. they often go dancing at school dances.

They go shopping at the mall. They sometimes watch movies. when they don't hang out with friends, they chat online. They hardly ever eat out at restaurants. They always post comments and download music. they usually play video games.

Group 2

People in this group hang out with friends, too. They never go to school dances, but they go dancing at clubs. They eat out at restaurants with their friends and family. They sometimes play sports in the park on weekends. They upload videos and download music at home.

Group 3

People in this group watch movies with friends and family. They check emails and post photos of their family and friends online. They often eat at home on weekdays and eat out on weekends. They sometimes go dancing with friends or their husbands and wives. They are busy, so they often shop on line.
