Santok's first-time experience

Last year, I went on a rollercoaster for the first time. My friend asked me to go with him and I was really scared; but I decided to push myself and have a go. It was exciting and terrifying at the same time! It climbed up and up and then suddenly dropped down really fast. That bit was the worst- I closed my eyes and screamed! It was okay because everyone else was screaming too, so that made me feel better. When it was finished, I felt a sense of pride for doing something brave. But I haven't been on a rollercoaster again!
