

1 . I'm getting off at the next stop.

Lucky you. I have ten more. This traffic is terrible.

Why don't you get off with me and go home after rush hour?

2. I love walking outdoors. The air is really fresh.

I'm cold. I'm going back to the car.

Not yet. Let's just walk another five minutes

3. I can't cycle any further.

We only have another mile and it's all down hill

I'm going to get off and walk. I'm too tired to ride any more.

4. I'm afraid of flying

Here. Sit in the aisle. I'll take the window.

How many pilots are there? More than two, I hope.
