

f	A hungry <b>deer eats</b> the apple.
b	After the tree grows, <b>flowers blossom</b> on the apple tree.
j	<b>Finally</b> , a new apple tree grows.
a	<b>First</b> , an apple tree grows up.
d	The apple <b>fruit</b> contains apple <b>seeds</b> .
c	The <b>blossoms become</b> fruit.
g	The <b>deer</b> runs and <b>plays</b> in the forest.
e	The <b>fruit falls</b> to the ground under the tree.
i	The <b>seeds</b> are in its <b>waste</b> .
h	Then, the <b>deer</b> needs to poops ( <b>makes waste</b> ) in the forest.
