yes

no

3. Read!

Read the webpage and complete exercise 2 on the previous page.

The screenshot shows a web browser window. The address bar is empty. The page has a green header with a home icon, 'Log in', 'News', 'Help', and 'Contact' links, and a search icon. Below the header, a breadcrumb trail reads 'Games > Indoor activities > Musical bumps'. The main content area has a light blue background. At the top, it says 'MUSICAL BUMPS' in large, bold, black letters. Below this, it says 'This is a fun game to play at a party!'. To the right of the text is an illustration of five children dancing and playing musical instruments (a girl with a guitar, a boy with a drum, a girl with a trumpet, a boy with a saxophone, and a girl with a violin). There are also colorful balloons (red, green, blue, yellow) floating around them. Below the illustration, there is a list of six numbered steps for the game. At the bottom of the browser window, there are three colored circles (blue, red, green) and a window control bar with a maximize button and a close button.
