4. a member of your family	_ _ L _ _ I _ _
5. to take part in special enjoyable activities in order to show that a particular occasion is important	_ _ _ E _ R _ _ _

Part 3

You are going to read an article about guidebooks to London. For questions **16–30**, choose from the guidebooks **(A–F)**. The guidebooks may be chosen more than once. When more than one answer is required, these may be given in any order.

Mark your answers **on the separate answer sheet**.

Of which guidebook(s) is the following stated?

It is frequently revised.

16	
----	--

It is quite expensive.

17	
----	--

Its appearance is similar to other books by the same publisher.

18	
----	--

It contains some errors.

19	
----	--

It is reasonably priced.

20	
----	--

It shows great enthusiasm for the city.

21	
----	--

It has always been produced with a particular market in mind.

22	
----	--

It is written by people who have all the latest information.

23	
----	--

It is written in a friendly style.

24		25	
----	--	----	--

It is part of the first series of its kind to be published.

26	
----	--

It omits some sights which should be included.

27	
----	--

It contains more information than other guides.

28	
----	--

It might appeal to London residents.

29	
----	--

Its information about places to eat is enjoyable to read.

30	
----	--

London Guidebooks

Visitors to London, which has so much to offer, need all the help they can get. Alastair Bickley takes his pick of the capital's guidebooks.

Guidebook A

Informal and familiar in tone, this valuable book has much to offer. Produced by the same people who put together London's principal listings magazine, this is right up to date with what's happening in the city – very much its home ground. It is concise enough to cater for those staying for just a couple of days, yet covers all areas of interest to visitors in an admirably condensed and approachable way. On balance, this is the single most handy book to have with you in London.

Guidebook B

This book is beautifully illustrated, with cutaway diagrams of buildings and bird's-eye-view itineraries rather than plain maps. This is a model of the clear, professional design that is the recognisable trademark of this series. Its coverage of the main sights is strong, and visually it's a real treat – a delight to own as a practical guide. It's a bit pricey but well worth a look when you visit the bookshop.

Guidebook C

Probably the best-suited for a longish stay in the city. This guide surpasses its competitors in its sheer depth of knowledge and in the detail it provides. It's particularly handy for the thorough stroller with plenty of time on his or her hands, covering virtually every building or monument of any interest – and with well-drawn maps of each area. Its coverage of all types of restaurants, which encourages you to go out and try them, can also be appreciated from the comfort of your armchair.

Guidebook D

It is astonishing – and perhaps the greatest tribute one can pay to London as a city – that it's

possible to have a high-quality holiday there and scarcely spend anything on admission charges. In this guide, the obvious bargains (National Gallery, British Museum, etc.) are almost lost among an impressive range of places which cost nothing to visit. It should pay more attention to the numerous wonderful churches in the City of London but otherwise this is a must for the seriously budget-conscious or the Londoner who is looking for something different (like me). The book itself isn't quite free, but at £4.95 you have to admit it's not far off it.

Guidebook E

This is the latest in the longest-standing series of budget guides and, unlike its competitors, it is still definitely aimed at young backpackers. Its description of the sights is less detailed than most and the accuracy of some of the information is surprisingly poor for such a regularly updated publication. However, it manages to cram in everything of significance, and is strongly weighted towards practicalities and entertainment.

Guidebook F

Here is a guide which comes with a distinct personality rather than following the style of the series to which it belongs. It is chatty, companionable, opinionated, crammed full of history and anecdotes as well as practical information. I can best describe the experience (for that's what it is) of reading this book as follows: imagine arriving in town and being taken in hand by a local who is determined to show you the best of everything and to give you the benefit of their considerable experience of a city for which they obviously hold a passion. It's a real delight.
