School Report Name: Tony Brown	
Subjects	**Teacher's comments**
GERMAN	Tony remembers new words very well and learns grammar quickly. At the beginning of the school year he could only say a few words. Now he can talk about everyday topics without any problems. I can see his German has improved a lot.
MATHS	Maths is not easy for Tony. He should concentrate during classes and do his homework carefully. I'm afraid he hasn't made much progress.
BIOLOGY	Tony understands the material quite well, but he doesn't work as much as before. If he works harder, I'm sure he will quickly make progress. He could even take part in biology competitions.

Hi Joan,

It's the third day of my London adventure and it's been amazing!
We have visited some of the greatest monuments and galleries.

See you when I get back from the UK!

Sara

There are few animals which love to play as much as young bears do. Recently in a town in Canada, a bear took her little ones to play in an empty children's playground.
The young bears had a lot of fun on the swings. They also had a great time in the pool and the sandbox! Surprisingly, nothing was destroyed!
