

SILVY ft. Jeff Satur – Far

Listen to the song and complete the gaps.

Some days

Doing hundred mile down, the highway

Then (1) _____ stuck on the runway

Now I'm (2) _____ to fade

My Sundays

Feel like typical Mondays

Too many tonic and Bombay's

Now I'm (3) _____ to fade

I'm (4) _____ all my chances

(5) _____ to make it round the world

But I'm just a super ordinary girl

[CHORUS]

So, far from home

I'm (6) _____ kinda sick of it

I miss you like my cigarettes

No, I don't wanna get too far from home

I (7) _____ get used to the water

Everything tastes better from my mother, oh-oh, oh

I'm missing you but you're (8) _____ out

Wishing you could've seen me now

From where you are, I (9) _____ show you around

These city lights and city sounds

A hundred days and hundred nights

Tired of (10) _____ hugged by strangers I don't like, like

Being so...

CHORUS

I don't ever wanna run away

But there's so much I wanna say

Gotta leave, but I wanna stay

Far far from home

I don't ever wanna run away

It always feels like I'm out of place

Gotta leave but I wanna stay (oh wanna stay)

Far, far, far from home (3x)

CHORUS
