9-21 What to do in an earthquake

Woah! Was that…? (pause)
Yes! That was a _____ earthquake!
Did you know, every year in Taiwan, there are about _____ earthquakes that people can _____? 台灣每年大約發生兩百次有感地震。
One really _____ earthquake happened on September 21st, _____.
If you ask your mom or dad, I'm sure they can tell you a story about that day...many people call that earthquake the "9-21 Earthquake."
The 9-21 earthquake happened 21 years ago. The center was in Nantou, but people all over Taiwan felt the shaking.
九二一大地震是二十一年以前在在南投發生，但是全台都有感覺.
Scientists say more _____ earthquakes will happen in Taiwan again...at any time. 科學家說大地震隨時都有可能再發生.
But, if you know what to do … you don't need to be _____.
只要你知道怎麼做，就不需要害怕.
If you are _____ your home or school,
_____ to get under a table or desk...and
_____ to _____ your _____...with a pillow, a coat or your hands.
如果你在家或者學校可以躲在桌子下或用手,枕頭或外套保護你的頭.
If you are _____, _____ to move away from buildings.
如果在戶外，要遠離建築物.
Earthquakes can be scary, but if you know what to do, you don't need to be scared! Remember what they say: "有備無患".
