

# Niagara Falls

---

**Listen to the following dialogue and fill in the text with the missing words :**

**Teacher:** So this is a picture of a \_\_\_\_\_ which is really famous. Guys, what can you tell me about the Niagara Falls?

**Student 1(Iyonna):** It's located in Canada but there is also a different side which is America because it's bordered with an American \_\_\_\_\_.

**Teacher:** OK. Anybody else?

**Student 2( Natalie):** Niagara Falls is a large \_\_\_\_\_ attraction in Canada. A lot of people can come into Canada or from the other side, from the United States in Buffalo and it is a very large waterfall.

**Student 3 (Julianna):** Also, there is a \_\_\_\_\_ that goes under, on the bottom of the waterfall and you better wear a poncho or a \_\_\_\_\_ because you're going to get a lot of water all over you!

**Teacher:** And does anyone know what that \_\_\_\_\_ is called?

**Student 4 (Emma):** It's the Maid of the Mist.

**Teacher:** The Maid of the Mist. Anybody else?

**Student 3 (Julianna):** When you're driving near the Niagara Falls there is always a lot of mist and you'll feel like it's raining a lot but it's just because of all the, like, humidity and \_\_\_\_\_ of all the water droplets.
