

Geometric Probability: Angle Measures and the Coordinate Plane

What is the probability of the spinner landing on yellow? Round your answer to 2 decimal places.

☐ The probability is 0.49.

☐ The probability is 4.09.

☐ The probability is 0.24.

☐ The probability is 0.88.

If a point is chosen at random in the coordinate grid, what is the probability that it will be inside the trapezoid or the parallelogram? Round your answer to 2 decimal places.

Drag and drop your answer to correctly complete the sentence.

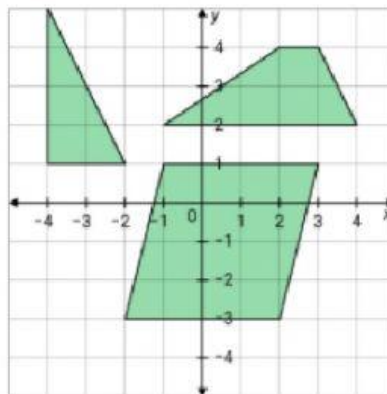

The probability is .

0.28

0.26

0.16

0.22

If a point is chosen at random in the coordinate grid, what is the probability that it will be inside the trapezoid or the parallelogram?

Round your answer to 2 decimal places.

☐ The probability is 0.24.

☐ The probability is 0.16.

☐ The probability is 0.28.

☐ The probability is 0.84.
