

**farm - improve - healthier - dangerous**

You can be an innovator, be creative, and think about how to \_\_\_\_\_ the way we live. Take urban creators in North Philadelphia. This amazing group of teenagers reclaimed derelict land in a \_\_\_\_\_, run-down neighbourhood. They built a thriving \_\_\_\_\_ where they grow fresh food and now supply hundreds of local homes and restaurants. Life Do Grow Farm has transformed the community, made it \_\_\_\_\_ and safer for everyone.

**brilliant - phone app - growing - get sick - eco-friendly**

Now let's go to Nigeria, which has one of the fastest \_\_\_\_\_ populations in the world. This is Team Charis, a group of \_\_\_\_\_ girls who are solving a big problem. Team Charis realised that in parts of Nigeria, lots of people \_\_\_\_\_ because rubbish isn't cleaned up properly. So they created Discardious, a \_\_\_\_\_ to report waste and have it taken away safely by \_\_\_\_\_ cars. See? Sometimes a healthier world is just one great idea away.  **LIFEWORKSHEETS**
