 a plant a sofa an armchair a washing machine a table  
 a washbasin a chair a cupboard a shelf

**QUICK REVIEW *there is/there are*** Work in groups. Talk about the good and bad things about the town or city you're in now. Use *there is*, *there are*, *there isn't*, and *there aren't*.

The image shows a 3D architectural rendering of a town. The town features several houses, a school building, and a bathroom. Various numbered points (1-19) and lettered points (A-E) are marked throughout the scene, likely for a 'there is/there are' activity. The interface at the bottom suggests this is a digital map or simulation.
