#### National Park Is Closed

The National Park was a beautiful place to go hiking. You could see many different plants and animals there. The trees <sup>1</sup> \_\_\_\_\_ (be) very tall and very old. Things changed when an illegal mining business came to the park. They <sup>2</sup> \_\_\_\_\_ (start) an open mine and quickly cut down most of the trees near the river. They <sup>3</sup> \_\_\_\_\_ (want) to extract some important and valuable minerals.

Sadly, the local authorities <sup>4</sup> \_\_\_\_\_ (be) not interested in taking care of the park. Time passed and many more illegal miners came. They <sup>5</sup> \_\_\_\_\_ (pollute) the water with mercury and other toxic substances.

Now, some environmental groups <sup>6</sup> \_\_\_\_\_ (be) concerned about the problem. But it may be too late. The damage from the illegal mining is irreparable. The soil in the affected areas will never regenerate.
